

## That Little Hacking Cough

Hard coughs are bad enough, to be sure. But it's often the little, hacking, tickling, persistent cough that means the most, especially when there is a history of weak lungs in the family. What should be done? Ask your doctor. He knows. Ask him about the formula on the label of every bottle of Ayer's Cherry Pectoral. Ask him if this medicine has his full approval for throat and lung troubles. Then do as he says.

## Ayer's Cherry Pectoral

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

### BUSINESS CARDS.

HONOLULU IRON WORKS CO.—Machinery of every description made to order.

### MARINE TIDINGS

Tuesday, January 7, 1913.  
Hilo—Sailed, Jan. 5, S. S. Missourian, for Salina Cruz.

Poyser, wife and daughter, Mrs. Gault, Mrs. McGowan, Misses Wild (3), A. Poyser, Misses Gledhill.

## SUPERVISORS IN A GREAT HURRY TO FIRE EMPLOYEES

### Pacheco Lays Down the Law and Men Will Quit in Middle of Month—Protests Made Against Cutting of Salaries.

Flouting the legal opinion of the city's accredited attorney for that of the learned Mr. Pacheco, who spoke glibly of points of law as "if to the manor born," the board of supervisors decided last night to adhere to their original position of discharging men employed by the month, in the middle of the month, notwithstanding the apparent breach of contract involved.

The matter came up through a question by Supervisor Petrie, who asked Deputy City Attorney Milverton if men employed by the city by the month, but discharged before the end of the month, would be entitled to their full month's pay. He said that he knew that with other corporations, men discharged under such conditions received a full month's pay.

Milverton replied that he believed the same rule applied to a municipal corporation and that where men were engaged for a certain length of time, they were entitled to the pay for that time even if discharged before expiration of the period, providing they were willing to discharge their duties. He said the board could discharge persons appointed at the pleasure of the board, at any time, and the pay ceased simultaneously, but that in the case of the employees specified, it was different, and he believed that a contract existed.

#### Confirmation Not Needed.

Mr. Milverton further enlightened the board to the effect that heads of departments do not have to have their appointments confirmed by the supervisors; that the board names the heads of departments, and that these chiefs, being held responsible for the work, are entitled to hire whom they pleased to perform it.

"We said these men should go out the fifteenth, and I think we should stand by our decision," said Mayor Fern. "If they want their money let them go into the courts for it. We fired Johnny Wilson and he didn't get his pay and he was in the court four weeks."

"We compromised with him," remarked Supervisor McClellan, a member of the old board.

Supervisor Pacheco gave his opinion of the law to the effect that inasmuch as the men were paid every two weeks, they could not claim to be hired by the month, and that anyway it would be deep ingratitude for them to try and get the money, after having had two weeks' notice. The other members of the board had nothing to say, and Milverton, with the prospect of a number of suits against the city to defend, bowed his head.

The meeting of the board was marked by the absence of verbal fireworks. The board caucused before they visited the council room, and it is understood made arrangements to meet with the patronage board of the county committee sometime today to settle vexed questions.

#### Question of Power.

Deputy City Attorney Milverton gave an opinion to the effect that the board has no power to appropriate money for the associated charities or the promotion committee, although he said no one had ever questioned such appropriations in the past. The report was ordered filed.

A protest was received from County Attorney Cathcart against the reduction of salaries of his force to what he styled "below living wages." He wished the board to reconsider, so that he would be able to have the work of his office performed.

Judge Monarrat also complained bitterly regarding the reduction of the salary of Interpreter Eli Crawford, and the failure to provide a salary for a Portuguese interpreter.

In this connection, a communication was read from J. P. Dias, the Portuguese interpreter, who is out of the island for a number of days because of the board's failure to provide. He said that he had been informed on good authority that Joseph Rosa, a Spanish interpreter, had appeared before a secret caucus of the board and made charges against him. He wished to be informed what the charges were and to be given an opportunity to meet them.

#### Whittemore Available.

George F. Whittemore, who has been mentioned as a candidate for the position of city engineer, sent in a communication in which, while not referring to his candidacy, he assured the board that he had been informed by his superior officer that the war department would grant him a furlough without pay any time he asked for it. The old paying fight between the supervisors, which was settled by the old board through an agreement, was brought forward again by Supervisor Petrie asking whether the new supervisors would abide by the action of the old board.

Supervisor Pacheco was willing to repudiate the agreement and demand that the company be forced to comply with its charter, but Supervisor McClellan arose at this point and said that the history of the case was a lengthy one and should not be thrashed out by the board. He moved that it be referred to the road committee, and this action was taken.

#### School Children Petition.

A petition twenty feet long from the children of Kaimuki, asking that the supervisors arrange to have grass planted on the grounds of the Kaimuki school, that the trees be "doctored," and that a playground be provided, was referred to the ways and means committee.

Supervisor Pacheco wanted to know whether the Municipal Board was still in session. He said the board had decided to discontinue it for the time being and he thought some official action should be taken.

city had entered into a year's contract with the Hawaiian Gazette Publishing Company for the printing of the Record and he saw no way to discontinue it as long as the contract existed. Thereon Charles Crane, manager of the Gazette Company, said that if the supervisors wished to cancel the contract the company would agree to it. A motion to discontinue the publication for the time being and to cancel the contract was carried.

#### Departmental Appointments.

W. L. Frazee, superintendent of the electric light department, reported the following appointments: S. C. Subiars, \$135; George Maile, \$90; Claude Hagan, \$90; John Spencer, \$80; R. Pereira, \$6; John Marshall, \$95; A. Walker, \$80. Police and Fire Alarm System—Charles Reeves, electrician, \$140; Charles Pimoku, lineman, \$80.

Frazee sent in his list of appointments under the supposition that it was necessary to have the board confirm them, although Assistant City Attorney Milverton stated afterward that this was not needed.

J. K. Kelioa was confirmed as clerk under J. J. Mielstein, building and plumbing inspector.

Supervisor Wolter complained that the reading of the minutes took too much time, and moved that a committee be appointed to pass on the minutes before the meeting convened and report, and his motion was adopted.

The only reference to the fire chief controversy occurred when Wolter, who had apparently not been admitted to the inner circle, wanted to know if there were any appointments to be made and passed upon. "I would like to vote on them if such there is," he said.

Mayor Fern gazed on him sourly. "No other persons have applied for the position of fire chief, so I have no appointment to make," said his Honor sourly. "Unless," he added briskly, "someone present wants to make an application."

No one seemed anxious for the place, and the Mayor went on to say that he had not had time to appoint any janitors as yet.

The board adjourned until tomorrow at noon.

## NEW IMMIGRANT PLANS FOR HAWAII

Important results to this Territory growing out of the trip of Dr. Victor S. Clark to Russia and Poland are more than probable, as reported at a meeting of the board of immigration held early yesterday morning in the office of T. H. Davies & Co.

The members of the board are impressed with the possibility of securing from Poland a steady influx of sturdy agriculturists of the Christian faith who will expect to work on the plantations until they learn English and are in a position to take up a homestead. It is believed that these men with their families will prove excellent material for citizenship, being industrious and law-abiding people and thrifty in their habits.

The main work of the board yesterday morning was that of auditing bills, but it was decided to send Secretary Richard T. Kearns to the islands of Hawaii and Maui on a tour of inspection which will last for a month or six weeks, for the purpose of investigating the condition of the new immigrants and to settle a few minor difficulties.

It is also proposed to secure from them the names and addresses of their friends or relatives in Spain and Portugal who they think will desire to come to Hawaii on the next trip of the Willesden. These names will be sent to Immigration Inspector Brown, now in Portugal, and he will arrange for the transportation.

Speaking of the plan to have Polish immigrants come to Hawaii Doctor Clark yesterday spoke of the work that had already been accomplished and that which it is expected would be done.

"We are expecting before the end of this month," said Doctor Clark, "that Joseph Okolowicz, managing director of the Polish Emigrant Society of Cracow, Austria, will reach Honolulu. He will make a tour of the islands for the purpose of reporting to the Austrian government and to the Polish national societies of Russia the opportunities which exist here for white laborers who may emigrate to this Territory."

"If the report of Mr. Okolowicz is favorable it is anticipated that a small, but regular, partially assisted emigration to Hawaii can be carried on via the transatlantic route. These immigrants will not be affected by the literacy test."

"Mr. Okolowicz is a trained immigration inspector and speaks English, German, French, Russian, Polish and Portuguese. He has been stationed for a number of years in Brazil and is thoroughly conversant with the conditions surrounding Caucasian settlers in foreign countries."

"I had several interviews with him and the members of the colonization society while in Europe and as a result of these interviews the society will send its representative to Hawaii."

The board of immigration has heard of the new law which prohibits the maintenance of any race immigrant in the United States, which is collecting with the bookkeepers. Unfortunately this law does not affect Filipinos, who

## COMMERCIAL COMPARATIVELY SLIGHT DEMAND FOR STOCKS

### Advance in Morning Session and Market Closes Firm at the Last.

(By Federal Wireless Telegraph.)  
NEW YORK, January 9.—(Special to The Advertiser)—There was only a small demand for stocks at the opening today and the level of prices was barely changed. The success with which manipulated issues were marked up encouraged more general buying of standard stocks, and by noon a large number of issues were quoted from 1 to 3 points above yesterday's close. Preparation to market large bond and note issues were regarded as evidence of confidence.

Bonds were firm. Heaviness of Southern Pacific and the subsidence of the general demand induced profit taking and the list was slight. Southern Pacific reached from 106 7/8 to 107 7/8.

Individual stocks crept up to a higher level, but the general market rested after the forenoon jump and prices scarcely moved more than 1-8 either way. The market closed firm.

Trading operations were reduced to a minimum in the late afternoon and the market scarcely varied, although the undertone was better. Amalgamated suffered from realizing, but other Copper issues held steadily and there was a moderate absorption of the western railroad stocks.

## CLOSING QUOTATIONS IN SAN FRANCISCO

(By Federal Wireless Telegraph.)  
SAN FRANCISCO, January 9.—(Special to The Advertiser)—Closing quotations:

### SUGAR PRICE IS LOWER.

(By Federal Wireless Telegraph.)  
NEW YORK, January 9.—(Special to The Advertiser)—Raw sugar steady. Muscovado 89 degrees test, 3.05c; Centrifugal 96 degrees test, 3.52c; Molasses 89 degrees test, 2.78c. Refined quiet.

## HOME COMPANY HAS EXCELLENT SHOWING

Although the Home Insurance Company of Hawaii, Limited, has a few more collections to make for 1912 before closing its books for the year, its showing for the year to November 30 last indicates that the company is not only here to stay, but is in an excellent financial condition, with a balance to the net profits amount of \$23,400.55. In a statement issued yesterday the total assets are shown to be \$61,621.20, premiums in the company written for year are about \$21,000, while the total for itself and other companies written through its agency will approximate \$40,000. In every respect the company appears to be "making good," and Manager Zeno K. Myers has every reason to be pleased with the progress during the sixteen months of the company's existence.

### MARKET IS STEADIER.

The local stock market was slightly more active and considerably steadier than for some time. Between boards Pioneer sold to the amount of 175 shares at 26.50; Brewery at 23.00 flat, and Oahu went up a fraction to 4.125 for fifty-five shares.

At the session small sales of Oahu Sugar at 22.875; Hilo Common at 7.00; Brewery at 23.00, and \$500 of Hilo 1901 be, at 99.00, were made. The books of the Oahu Sugar Company have been closed until including January 15.

## NEW EAGLE OFFICERS AND GIFTS FOR OLD ONES

The Honolulu Aerie No. 140, Fraternal Order of Eagles, installed its new officers for the year on Wednesday evening, Deputy G. W. President W. B. Riley conducting the ceremony. Those installed were: Joseph F. McKechnie, president; H. D. F. Meyer, vice president; J. A. McIntosh, chairman; J. W. Arch, secretary; G. Boyle, treasurer; Thomas Blevins, inside guard; Otto Schilling, outside guard; H. E. Twomey, Julius Arch and Peter Higgins, Trustees.

After the installation, a handsome gold watch was presented to the retiring worthy president, William Jones, and a beautiful diamond ring became the gift of the treasurer of the Aerie.

An announcement was made of the receipt by Julius Arch of his cousin's son as deputy grand worthy president for Hawaiian Islands for 1913.

The evening was concluded with a well attended supper.
